PART THREE: ALPHABETICAL COMMODITY-COLLECTION INDEX 75

This directory is published annually. For the most current listings, visit our Web site at www.scdhec.net/recycle or call 1-800-SO-USE-IT.

Part One: County, Municipal, Volunteer & Private Recycling Programs

Each listing includes the following information:

- Name of organization;
- Name and phone number of a contact person;
- E-mail address when available;
- Mailing address of organization;
- Recyclable materials accepted from the public and collection method (curbside, recycling centers, etc.);
- Locations of recycling drop-off sites; and
- Hours of operation at recycling sites.

We have tried to keep the information for each county as consistent as possible. However, each local government recycling program has so many variations that this is virtually impossible. For the most accurate information about local recycling programs, please contact the person listed with that program.
